

PHYCOSKIN® One

THE FIRST TEAM NATURE COSMETIC ACTIVE

One action to fully empower your skin

Phycoskin One releases the **Antioxidant-Whitening Dual system** to comprehensively combat the effects of exposome on skin pigmentation.

Synergistic level of action:

Protection: Anti-melanogenic shield.

Lifting: Dermal matrix boosting and balance

- **Whitening:** Tyrosinase inhibition and selective melanin bleaching
-

#MOLECULAR COMPLEX.

#ANTIOXIDANTS-WHITENING#BLEACHING

#LIFTING #MOISTURIZING #SKIN BALANCE

PHYCOSKIN One (PSK One)

Is the essence of intimate place of nature

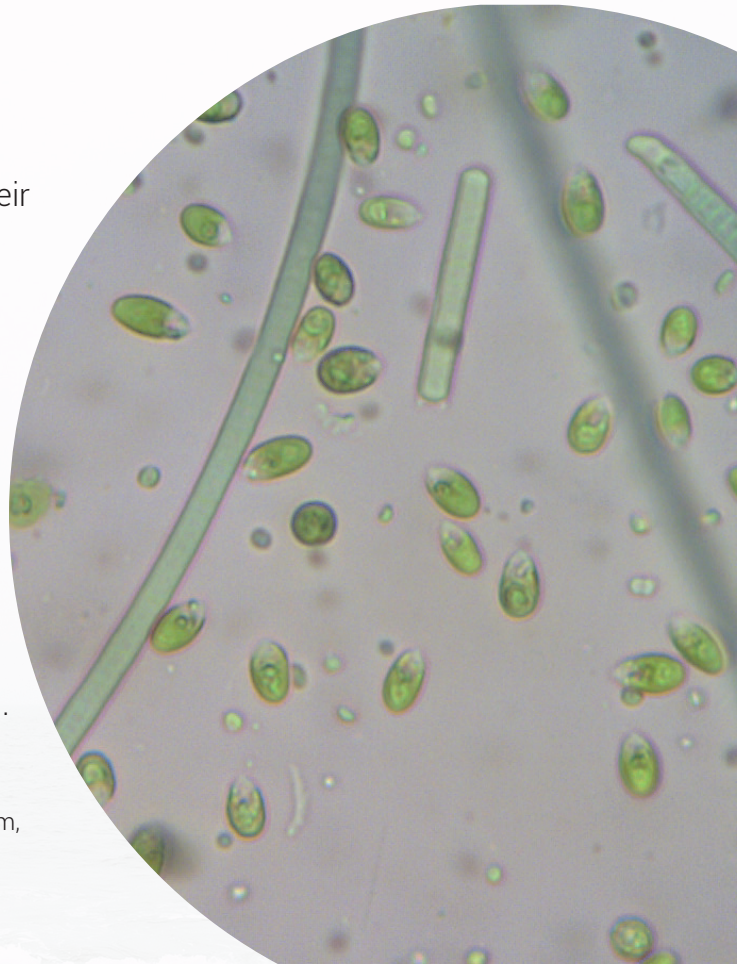

Composition: Master blend of phytoplankton species and their microbiome (**Phycosphere Biodynamic Tech**)

Molecules recipe complex:

- **Antioxidants:** SOD and Peroxidases (enzymes); vitamins A, C, E and Phytopigments (B- carotenes & Chlorophylls)
- **Exopolysaccharides**
- **Polifenols:** P-coumaric acid; 4-hidroxibenzaldehid

Delivery protection system: Multilamellar liposomes.
Stability and enhance penetration.

INCI: Water, mannitol, phosphatidylcholine, glycerin, cholesterol, decyl glucoside, sodium benzoate, potassium sorbate, Plancton extract, xanthan gum, sodium chloride
